New Previmedical service in English

We would like to inform all members that, starting from today, an email box dedicated to English-speaking Uni.C.A. members is active. It has been made available by Previmedical to manage requests made in this language. For more complex requests or for any further clarifications, interested members can be contacted by the English-speaking operator.

The email address is as follows Helpdesk.unicarbmi@previmedical.it
